

Cheryll-Ann Woodman is the “go to” Administrative support to Apostles Brent and Marsha Pedro and the entire Revival Fire Apostolic Centre team. This multi-faceted, multi-talented woman of God is the warm and welcoming voice behind the church’s office line and one of the dynamic and modulated voices used for our Church’s announcements. Cheryl-Ann also serves as one of our prophetic voices in the Church’s prophetic team.

Aunty Chan, as she is fondly known, has over 20 years in Customer Service relations. She holds an Advanced Diploma in marketing, selling and sales management from the Chartered Institute of Marketing and a certificate in Guidance & Counselling from the University of the West Indies. She is also a successful graduate of Revival Fire’s Prophetic Training modules 1&2.

Cheryll-Ann Woodman believes that she breathes to send up a war cry as a prophetic watchman on the wall and to bring liberty to those who are in need of inner healing and deliverance. She also breathes to awaken the sleeping giant that is in the Church and to help believers understand that there is so much more to this walk with Christ that they are yet to experience.
